To Whom It May Concern:

The Varsity Internship Program is one of the finest training programs I have seen. It is designed to make the participants successful, professional, and spiritually engaging. There is no better way to help today's young people to better prepare for their future than learning to deal with the public face-to-face in every possible situation. There is not better training for life than this. I highly recommend it.

The *Bible in Stories* makes the Bible come alive to young and old alike. Each story is told with biblical accuracy, theological integrity, and spiritual insight. Every family will want this set of books. Don't miss this opportunity to teach the Bible to your family in an exciting, captivating, and life-changing way. Each story will leap off the page and into their hearts.

Blessings,
